110 East 59th Street
New York, NY 10022

Dear Dr. Hockett:

The 1985 meeting of the American Section of the International Society for Heart Research will be held May 24 - May 26, at the Shamrock Hilton in Houston.

For the first time in the history of our society, the program has been expanded to include key areas of the vascular system which may play important roles in both pathologic and normal function. To this end, we have assembled an outstanding array of talented speakers to cover the wide variety of topics which comprise our meeting.

While we have applied for NIH funds, it is unlikely that even a successful application added to the registration fees would support speaker expenses.

We would like to invite your organization to consider providing funds to help defray some expenses of this unique meeting.

Please feel free to contact either of us if you have any questions.

We look forward to your reply.

Sincerely,

Julius C. Allen
